

SEVTC

When our SEVTC Day Support Services started in 1987, we employed eight people in the program. Today, we employ 45 individuals, with various levels of skills and abilities in our workshop. Some contract jobs are performed at our SEVTC campus, while other jobs are performed at community sites or at the business location.

Our department provides individual job training and support to every employee. This insures that employees perform to the best of their ability and with an ultimately goal to be successfully employed.

SEVTC DAY SUPPORT SERVICES CAN HELP WITH ANY OF THESE JOBS.

RECYCLING

- *Sorting*
- *Shredding*
